5.1.6 Evaluation of Commercial Bids

1. The Commercial Bids of only the technically qualified bidders will be opened for evaluation.
2. Since the payments to the SI will be made over a period of over six years (a minimum of 12 months for the Implementation Phase followed by five years for Operations and Maintenance Services), the DCF method will be used to compare different payment terms, including advance payments and progressive stage payments to the SIs so as to bring them to a common denomination for determining lowest bidder.
3. The UT will evaluate the offers received by adopting Discounted Cash Flow (DCF) method with a discounting rate in consonance with the existing government borrowing rate. The DCF is defined in the Glossary of Management and Accounting Terms, published by the Institute of Cost and Works Accountants of India. DCF method would be used for evaluation of bids. The bid with the lowest Net Present Value (NPV) determined using the DCF method will be selected.
4. Detailed modalities for applying DCF technique are as below:
 - Net Present Value (NPV) method will be used for evaluation of the Commercial Offer. The Net Present Value of a contract is equal to the sum of the present values of all the cash flows associated with it. The formula for calculating NPV of a Commercial Offer is illustrated in Para (6) below.

- Discounting rate to be used under the method is to be the Government of India's lending rate on loans given to State /UT Governments. These rates are notified by Budget Division of Ministry of Finance annually. The latest one is Ministry of Finance OM No F5(3) PD/2008 dated 30 October 2008 (as per which the borrowing rate is 9%). The UT will evaluate the offers received by adopting Discounted Cash Flow (NPV) method with a discounting rate of 9%.
- NPV will be calculated on the annual cash outflows.
- Standard software for example 'Excel', 'Lotus 1-2-3' or any other spreadsheet, which comes preloaded as part of a personal computer will be used for NPV analysis.
- The blended person month cost for 300 person months will be considered in the cash flows in the first year
- The NPV will be calculated using the formula below:

$$NPV = C_0 + C_1/(1+r)^1 + C_2/(1+r)^2 + C_3/(1+r)^3 + C_4/(1+r)^4 + C_5/(1+r)^5$$

Where,

- C0 ... C5 are the yearly cash outflows as illustrated below
- C0 is the Sum of the below components
 - Sub-total for Services Provided during Implementation Phase (Sum of items 1 – 8, refer to Pricing Summary Sheet)
 - Blended Person Month Cost for 300 Person Months (refer to Pricing Summary Sheet)
- C1 is Cost of Operations and Maintenance Services for the 1st year after "Go-Live"
- C2 is Cost of Operations and Maintenance Services for the 2nd year after "Go-Live"
- C3 is Cost of Operations and Maintenance Services for the 3rd year after "Go-Live"
- C4 is Cost of Operations and Maintenance Services for the 4th year after "Go-Live"
- C5 is Cost of Operations and Maintenance Services for the 5th year after "Go-Live"
- r is the annual discounting rate as specified in Para (2) above

For Quality and Cost based Evaluation (QCBS), the following formula will be used for the evaluation of the bids.

The scores will be calculated as:

$$Bn = 0.5 \cdot Tn + (0.5) \cdot (Cmin/Cb * 100)$$

Where

- i. *Bn = overall score of bidder under consideration (calculated up to two decimal points)*
- ii. *Tn = Technical score for the bidder under consideration*
- iii. *Cb = NPV (as calculated above) for the bidder under consideration*
- iv. *Cmin = Lowest NPV (as calculated above) among the financial proposals under consideration*

The bidder achieving the highest overall score will be invited for negotiations for awarding the contract. In case of a tie where two or more bidders achieve the same highest overall score, the bidder with the higher technical score will be invited first for negotiations for awarding the contract.

6. Award of Contract

6.1.1 Award Criteria

UT will award the Contract to the successful bidder whose proposal has been determined to be substantially responsive and has been determined as the best value proposal.

6.1.2 UT 's Right to Accept Any Proposal and To Reject Any Or All Proposals

UT reserves the right to present a contract to the bidder selected for negotiations. A contract will be awarded to the responsible, responsive bidder whose proposal conforms to the RFP and is, in the opinion of the UT, the most advantageous and represents the best value to the proposed project, price and other factors considered. Evaluations will be based on the proposals, and any additional information requested by the UT. Proposed project will involve the payment for the contract based on not only successful delivery of the solution but also on the success of the project after “Go-live”.

6.1.5 Signing of Contract

At the same time as UT notifies the successful bidder that its proposal has been accepted, UT shall enter into a separate contract, incorporating all agreements (to be discussed and agreed upon separately) between UT and the successful bidder. The Model agreement (Draft MSA) is provided in RFP Volume III. UT shall have the right to annul the award in case there is a delay of more than 30 days in signing of contract, for reasons attributable to the successful bidder.

6.1.6 Failure to agree with the Terms and Conditions of the RFP

Failure of the successful bidder to agree with the Terms & Conditions of the RFP shall constitute sufficient grounds for the annulment of the award, in which event UT may award the contract to the next best value bidder and the difference of cost will be charged to the first contractor accounts (Bank Guarantee will be utilized for the purpose and the balance amount will be paid by the contractor) as per section 6.1.4 in this RFP or call for new proposals or invoke the PBG.

- UT may forfeit the Performance Guarantee for any failure on part of Bidder to complete its obligations under the Agreement.
- The Performance Guarantee shall be returned to the Bidder within 30 days of the date of successful discharge of all contractual obligations at the end of the period of the Agreement by the UT.
- In the event of any amendments to Agreement, the Bidder shall within 15 days of receipt of such amendment furnish the amendment to the Performance Guarantee as required.
